

REACH – Information

TRIMET France SAS

TRIMET France complies with its obligations under the REACH regulation (Regulation (EC) No 1907/2006) for the registration of substances manufactured or imported with the European Chemicals Agency (ECHA). In addition, all of our substance registrations meet deadlines.

Similarly, if other substances were to be manufactured or imported by TRIMET France, they would also be subject to REACH registration and the deadlines for registration.

We expect from our suppliers of all levels the same rigor in their approach.

Substances registered by TRIMET France in accordance with the REACH directive

Name of substance	Tonnage Band	Registration Number
Aluminium	> 1000 t	01-2119529243-45-xxxx
